

# FormPOS800

Design combined with high technology

The formPOS 800 is positioned in **the high end line of the Olivetti PC POS systems.**

**Stable and compact**, where **black is the emblem of the elegance** and makes it suitable for medium-large shops, as well as hotels and restaurants.

**Powerful performance** is guaranteed by the **Intel © Core i-3 2.3 GHz processor** and **SDD 128GB** solid-state memory making it perfect if you need to use **powerful softwares** for **large workloads.**

The **15.6 “display is high-tech: high multi-touch sensitivity**, True Flat, LED backlight, **ultra-thin.**

The machine proposes the **innovative flip-over technology**, to flip completely the display in order to **facilitate interaction with the customer.**

## TECHNICAL SPECIFICATIONS

### MOTHERBOARD

**CPU:** Processore Intel® Core i-3

**System Memory:** 4GB

**Compatible OS:** Windows 10 IoT Enterprise Value  
Linux Kernel 4.0 or higher

### TOUCH PANEL

**Dimensions:** : 15.6" 16:9 LCD

**Brightness:** 220 cd/m2

**Resolution:** 1366\*768

**Backlight type:** LED

**Front panel :** True flat

**Tilting technology :** Flip-over

**Touch type:** Multi-touch capacitive

### MEMORY

**Interfaces:** n.1 SATA

**HDD / SSD:** 128GB SSD

### I/O PORTS

**Serial:** n. 2 COM DB9

**USB:** n. 5 USB 2.0 - n. 2 USB 3.0

**LAN:** n. 1 Gigabit Ethernet

**Cash drawer:** 1 x RJ12, 12V/24V selectable

**Audio:** n. 1 Linea out / n. 1 MIC in (optional)

**DP / HDMI:** n. 1 HDMI

**DC-IN:** DC 19V in

**DC-OUT:** DC 12V out (optional)

### MISCELLANEOUS

**Color:** Black

**Material:** Plastic

**Marks and Safety:** CE

**Dimensions (l x w x d) machine only :** 278mm x 399mm x 197mm

**Net weight:** 6.6 kg

**Working temperature :** With standard system configuration: from 0° C to 40° C

**Stocking temperature:** from -25°C to 70°C
